The Min-U-Script Transcript Repository Adds New Meaning To “The More... The Merrier!”

Your scheduling and copy sale clients will absolutely love the convenience, security, simplicity and powerful features they will find in your Min-U-Script Transcript Repository... and that's just part of the story.

They will be delighted in knowing that all their transcripts and exhibits from all their cases, from all of their firm's cases and even that *big case* that they are a party to, are instantly accessible, searchable, sort able and ready to view, print and download from any PC connected to the internet. And, you will be delighted with the distinct competitive advantage it provides in capturing more of their business, firm-wide agreements and the ability to handle all the depositions in that really big case.

No more worries about emailing large transcript files with exhibits, no more late night and weekend “where's my transcript”, the Min-U-Script Transcript Repository makes transcript distribution easy and efficient... **and all at a very economical cost of \$ 495 for an enterprise license and monthly usage, hosting, support fee of \$ 50 for the first GB and \$ 25/GB thereafter.**
